Good morning!

I am a property manager, Samantha Son, located at 404 Shatto Place in Los Angeles, CA 90020. We are located at the corner of Shatto Place & 4th Street. We are having so much problem with homeless encampment here and I was told by the police officers that district 13 is aware of the situation also. I got your name from a senior lead officer Melkonian but when I call Mitch O'farrell's office asking to obtain information on "Beautification Project," his office gave me your email address to contact you.

Building owner wants to know what he can do to start the beautification project at this building. And we have other building owners & condo association who is very interested too.

If possible, I would like to set up an appoint to visit you to discuss about the process. If not, can you tell us what need to be done to get this project started?

Please advise and hope to hear from you soon.

I could also be reached at [redacted] Privacy and 213-480-4848 (leasing office).

Thank you,

Samantha Son
